(Lunch not included when taking separate periods)

During the past 31 years, The Athenian School has served international students from 43 different countries. We are committed to meeting the academic and social needs of each student through English classes, fun field trips, and enriching arts, sports and drama activities. The school is located on 75 acres in the scenic foothills of Mount Diablo, a half-hour drive from the cultural and recreational opportunities of the San Francisco Bay Area.

Our ESL Program offers students from around the world the opportunity to improve their English skills by attending intensive English as a Second Language classes.

We have designed our program to accommodate students with beginning, intermediate, and advanced level English skills. Students are tested and grouped according to their English language proficiency levels.

## WORLD CITIZENS

Imagine teaching students from so many different cultural backgrounds. One student is excited and independent; another student is shy and afraid. Athenian takes these diverse students and turns them into a team. Being away from home and all that is familiar creates a unique challenge for our instructors. We believe our community is strengthened through diversity and welcome the opportunity to teach your children and share the joys of each other's cultures.

## WHO SHOULD JOIN THIS PROGRAM?

This program is open to international students, grades, 3-6 who want to learn and improve their English skills. All levels of English proficiency are welcome.
